REASONS FOR ALLOWANCE

Claims 1-9 and 12-32 directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 33 and 34, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, claims 33 and 34 are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on 4/1/2010 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

The following is an examiner's statement of reasons for allowance: The subject matter of the independent claims could either not be found or was not suggested in the prior art of record. The subject matter not found was a chemical liquid injection system

including a syringe with an RFID chip located on the syringe, the RFID chip including the value of pressure resistance of the liquid in the syringe, the inner diameter of the syringe, that the operation control means is configured to control the liquid injection mechanism such that the detected pressure does not exceed the value of pressure resistance and that the detector obtains the pressure by detecting a stress on the piston member and using the inner diameter of the syringe on the RFID to calculate the injection pressure, in combination with the other elements of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to LAURA C. SCHELL whose telephone number is (571)272-7881. The examiner can normally be reached on Monday-Friday 9am-5:30pm.
